

## Social Justice Quilt

**This group activity takes only a few minutes for each person to complete but when the pieces come together each piece becomes a grand and harmonious composition. Each of our unique small voices make a beautiful loud song when we sing together. This activity shows us that together we are more than the sum of our parts. The relationships we have between each other are vital and these relationships echo out into the world around us. Each simple piece of the quilt is lovely and beautiful but together they create bursts of patterns and designs that are read as a whole. Our voice can be used to promote change and identify injustice in the world around us.**

**“In these days of difficulty, we Americans everywhere must and shall choose the path of social justice..., the path of faith, the path of hope, and the path of love toward our fellow man.”**

**— Franklin D. Roosevelt**

**It is important to be part of something that is bigger than yourself, to be part of the big picture and see where you fit in, metaphorically and literally.**

**Each section of the radial design will highlight a social justice issue using words, color, designs, and images. We will put all the quarters together to create a large quilt of Social Justice and Injustices.**

**Copy and Cut out the designs and give them out to be filled in.  
Give Guidelines for completion so that the final design has a cohesive message.**

### **How to Color and Design Your Social Justice Quilt Piece:**

**Using words, images, colors, patterns, and designs fill in a square. This square will be added to a larger piece to create a Social Justice Quilt that represents all our voices.**

- 1. Outside Box with Quarter Circle = Personal Injustice you have endured or witnessed.**
- 2. Area Around the Rays = Social Injustices in the world**
- 3. Rays = Social Justices - What the world need more of**
- 4. Zig Zag = What "I" can do to make a difference**
- 5. Three Bars with Star or Swirl = Colors of Hope**
- 6. Inner Section with Zig Zag to Corner = I Wish...**
